

TO EDWARD GLADSTONE SINCLAIR ON THE  
OCCASION OF HIS 73rd. BIRTHDAY

from his wife

ROSELMA

This book of photographs and memorabilia is an attempt to record the story of one branch of the Sinclair Clan whose forefather, Alexander Sinclair came to America in the late 1840's, from Kincardine-on-Forth.

It also represents the efforts of Edward G. Sinclair, Alexander's great-grand-son to preserve for his family and relatives some knowledge of their own history and that of their Scottish ancestors.

If over two decades the primary focus has somewhat changed to take on a more National concept and this year with the introduction of Clan Sinclair (USA) an International distinction, this more than confirms the success of the venture.
